
Acute emergencies - treatment in hospital

Do you need a doctor at night, at the weekend or on public holidays, but it's not an emergency? The medical on-call service can help.

Call ☎ 116117 to find out where the nearest medical on-call service is located. You can find more information [here](#).

You can go to an on-call practice during opening hours without making an appointment. Urgent cases are also treated there outside normal hours.

If you are in severe pain at the weekend, on public holidays or at night, go directly to the hospital. There are emergency surgeries there.

There are two hospitals in the Birkenfeld district:
