

## Expatriation Service Desk

The Expatriation Service Desk is an inter-municipal advice centre and the first point of contact for small and medium-sized companies that intend to deploy and employ international specialists and managers / expats in Düsseldorf and the Mettmann district. The service is also aimed at expats and their families who already live and work here or are planning to do so. We offer support and information in the form of counselling and events and ensure that you are well informed when contacting the office responsible for you.
