

BAER - Bayerischer Erziehungsratgeber (Bavarian Guide to Education)

Raising children is a multifaceted, responsible task. The first questions arise during pregnancy and even more so when the baby arrives. BAER is a digital guide that aims to support families by providing concrete information and assistance. Educational topics such as everyday life with children, illnesses or impairments, family in crisis or the challenging time of puberty are presented in an easy-to-read and accessible way for families with children from 0 to 18 years. Many questions about raising children and family life are answered. The topics at a glance:

- Pregnancy and birth
- Financial benefits & assistance
- Health, nutrition & hygiene
- Education & media
- Childcare & school
- Family & environment
- Questions & problems
- Development from 0 to 18 years

BAER was developed by the Bavarian Family and Social Centre, Bavarian Youth Welfare Office.
