

Jobcenter Region Hannover

The Jobcenter is there to help people into work and vocational training. In practice, the Job Center takes care of the following:

- It helps people take advantage of benefits and support opportunities
- It helps people to take up and keeping a job
- It pays cash benefits for living expenses and housing
- It provides financial support for children and young people for school, sports and cultural activities
- It helps to try out different career options
- It assists in the recognition of certificates and diplomas from abroad
- It enables the attendance of additional integration language courses offered by the BAMF.
- It arranges for recognized refugees to take up employment or enter qualification programs specially designed for refugees.

The Jobcenter provides advice and supports you no matter what your nationality. However you must live permanently in Germany and be allowed to work here. If you are a refugee and your recognition procedure is still ongoing, or if you have an exceptional leave to remain (Duldung), then the Employment Agency (Agentur für Arbeit) is your point of contact for questions about career counseling, job placement, and advice on continuing vocational training. In this case, please continue reading on the page "[Agentur für Arbeit](#)"!

How does the consultation at the Job Centre work?

1. Application for citizen's allowance

You do not have to visit the Job Centre in person to apply for citizen's allowance. You can submit the application online. You can find all the information you need at www.jobcenter-region-hannover.de.

If you have any questions, call the Job Centre on  [0511 6559-1000](tel:051165591000).

You will then be given an appointment to discuss your professional and personal situation.

2. Appointment at the job placement department

- Please bring along all documents about your school attendance, vocational training, existing work certificates or recognition of diplomas acquired abroad, etc.
- Report any special skills you have (crafts, language skills, etc.)
- Please consider in advance which field of work you are interested in

Please note: There is no counseling **without an appointment**. A spontaneous visit to the job placement department is not possible.

Jobcenter staff are not allowed to pass on information about Jobcenter clients. A volunteer support person will therefore not receive any information if he/she does not have a power of attorney. The power of attorney must be filled out completely and signed by both parties (supported person and supporter).

Branch offices

The Jobcenter Hannover has eight branch offices. Two of these eight branches serve special target groups: young people up to 25 years of age (Escherstrasse) and people with disabilities (Büttnerstrasse). The other six branch offices are open to all visitors. The opening hours for a first contact without an appointment are the same for all offices:

 Monday, Tuesday, Thursday and Friday: 8:00-12:00 (without appointment, with waiting time).
