## Welcome

### Welcome to Landkreis Gießen

### About the "Integreat App"

This guide is intended to support you in your everyday life. Here you can find important addresses, contact partners as well as helpful tips and tricks for orientation.

Your everyday routine guide is split into several chapters. Each chapter deals with a different topic. For example, you will find information on physicians, schools, German language courses or other institutions. A chapter containing ideas what to do during your time off is also included. The information and proposals to spend your leisure time will vary and we'll update them regularly. This is why you should look into your mobile app as often as possible to stay informed on current actions and events.

You can also use this app offline, if you don't have access to the Internet. When you go online for the next time, the app will be updated automatically.

We hope that this app will make your life easier.

### What you should know about Landkreis Gießen

#### Landkreis Gießen:

Landkreis Gießen is in the heart of Bundesland Hesse and part of the larger Gießen administrative district. Round about 260,000 inhabitants live in this area.

The "Landkreis" includes 18 towns and municipalities. These are: Allendorf (Lumda), Biebertal, Buseck, Fernwald, the town of Gießen, Grünberg, Heuchelheim, Hungen, Langgöns, Laubach, Lich, Linden, Lollar, Pohlheim, Rabenau, Reiskirchen, Staufenberg and Wettenberg.

Adjacent rural districts are Landkreis Marburg-Biedenkopf at the north, Lahn-Dill-Kreis at the west, Wetteraukreis at the south and Vogelsbergkreis at the east.

During the direct elections on 7 June 2009, Anita Schneider (SPD) won 54.8 per cent of votes. Since this time, she is the first female district administrator in Hesse. On 14 June 2015, her mandate has been confirmed by 62.1 per cent of votes. First full-time district counsellor is Dr Christiane Schmahl (Die Grünen) and the function of a full-time district counsellor is held by Hans-Peter Stock (Freie Wähler). President of the district council is Karl-Heinz Funck (SPD).

## Greetings from the District Administrator

Dear users,

Leaving one's home and starting a new life is in itself already difficult enough. A foreign language and an immense lot of open questions in all life situations don't make it easier. In order to support you during the first time of your stay, Landkreis Gießen offers the Integreat app. It is intended to make you feel at home in our area.

The mobile guide for your everyday life has been translated into several languages. It is available offline and free of charge. All relevant information is made available to you in your language as quickly as possible - also without permanent Internet access and without confusing paper chaos. Intended to facilitate orientation, this app will reduce linguistic barriers and improve your general survey of existing offers: from daycare facilities for children to job hunting and recreational activities.

With the Integreat app, we welcome you cordially to Landkreis Gießen.

Anita Schneider, Landrätin (District Administrator)

## Living together in Germany

### The constitution

Each individual country has rules, which must be followed by all people. The most important law for Germany is the constitution. It is a collection of 146 articles. Each article stands for a law, i. e. a rule. These rules are binding for all people living in Germany. The constitutional rights protect the freedom of each individual person. They are defined in articles 1 to 19 of the constitution (catalogue of constitutional rights).

Here is the German constitution in 11 languages:\* »»[Arab](#), »»[Chinese](#), »»[English](#), »»[French](#), »»[Italian](#), »»[Persian](#), »»[Polish](#), »»[Russian](#), »»[Serbian](#), »»[Spanish](#), »»[Turkish](#) and of course in »»[German](#).

How the German constitutional state functions is shown clearly in the following movie: »»[German](#), »»[Dari](#), »»[Arab](#), »»[English](#), »»[French](#), »»[Pashtu](#), »»[Urdu](#).

### Universal Declaration of Human Rights

Human rights are important rights that are valid universally for all people in the world. Human rights are inherent rights of each individual person as a human being. These rights equally protect the dignity of each individual person without any difference, e. g. for "(...) color, sex, language, religion, political or other opinion, national or social origin, property, birth or other status." (Art. 2 of the United Nations Universal Declaration of Human Rights dated 10/12/1948).

In this declaration, 30 rights have been defined. The most important ones are:

- Every individual is of equal worth.
- Every person is entitled to have his or her own opinion.

- Right to live in peace and safety.

## Children's rights

Children need special protection. For this reason, special rights have been defined. The individual rights of children are determined in the Convention on the Rights of the Child. The Convention has been adopted by the UN General Assembly in 1989 and ratified by 193 states. In total, the UN Convention on the rights of the child consists of 54 articles.

The 10 most important children's rights are explained clearly in this app: [»»Arab](#) and [»»Persian](#).

## Helper groups

In many parts of the Landkreis and the city, there are groups who help you without making you pay for it. The volunteers can help you getting familiar with your environment, participating in leisure and sports offers and acquiring your first knowledge of German. If you have questions concerning everyday life, you may ask the unpaid volunteers. For example, if you can't understand a German letter, or if you want to know how to find good shopping and sports facilities, or how to go in a bus. If you have questions concerning a bank account, the unpaid volunteers can also help you. Many helper circles also offer help if you would like to learn German.

## Asylum and important documents

### Information available on the Internet:

Information relating to the topics "Right of residence" and "Right of asylum" can be found **here:** <https://www.lkgi.de/gesundheit-und-soziales/fluec...>

### Ausländerbehörde (Foreigners' authority)

The "Ausländerbehörde" is the competent authority, if legal measures relating to residence and passport law are concerned. Thus, the "Ausländerbehörde" is the most important contact center

for all questions that may arise in this respect. In Germany, each Landkreis or each independent town has a foreigners' authority.

## Tasks of the "Ausländerbehörde"

The foreigners' authority is competent for awarding or refusing residence permits depending on the residence purposes defined in the residence law, for deciding upon granting of settlement permits and for deciding upon and implementing of expulsions and deportations. Apart from the corresponding residence titles, the foreigners' authority also issues passport substitute documents. Moreover, this authority decides upon the issuance of residence permissions for asylum seekers, whereas the actual realization of the asylum procedure, temporary suspension of deportation and travel documents for foreigners fall within the scope of responsibility of Bundesamt für Migration und Flüchtlinge (BAMF). The "Ausländerbehörde" also decides upon the existence of legal prerequisites for subsequent immigration of family members and participates in visa granting. There are numerous other tasks, e. g., time limitation of residence titles, refusal of residence permits, deciding on orders to leave pursuant to the residence law in the event of obligation to leave as well as the clarification of foreigners' identity and procurement of identity documents, if necessary.

## Residence

In order to live in Germany, a foreigner normally needs a residence title, which is issued in conformity with the regulations of the residence law (AufenthG). The term "Aufenthaltstitel" (residence title) includes the following variants, which are granted depending on the reason and purpose of your stay in Germany:

- Residence permit
- Blue card EU
- ICT card
- Mobile ICT card
- Settlement permit
- Permanent EU residence permit

The residence permit is a limited and restricted residence title, which usually includes the possibility of a subsequent residence right in the form of a settlement permit or a permanent EC residence permit.

## Freedom of movement

The residence law is not applicable to citizens of the member states of the European Union and their family members. These persons enjoy freedom of movement pursuant to the law on the freedom of movement (EU) and are entitled to enter and stay in the Federal Republic of Germany. A valid identity card or passport is sufficient to provide evidence of this right.

### Note:

Mobility certificates for EU citizens and their family members don't fall into the scope of responsibility of the foreigners' authority any more. These have been suppressed for financial relief of municipal administration services and reduction of bureaucratic expenditure.

## Contact

To apply for a residence title and ask for further information, you go to the local "Ausländerbehörde" (foreigners' authority). The local competence is determined by the place of residence of the individual third-country national. If you are a resident of Landkreis Gießen (not within the town of Gießen), please, make an appointment for personal consultation with us.

## **Appointment**

Consultation of the foreigners' authority is possible only by appointment. To make an appointment, please call our service phone number 0641 9390-3515, or write an email mentioning the reason and your contact data to the following email address:  
[personenstandswesen@lkgi.de](mailto:personenstandswesen@lkgi.de)

We will answer your request within two weeks and send a suggestion for an appointment.

## **Filing an application**

The award or renewal of a residence title requires filing of an application with the local "Ausländerbehörde". The application must be filed in due time, which means prior to expiration of its validity. If the application is filed late, you are not entitled to stay and obligated to leave.

To file the application in due time, you can use form "Antrag Erteilung" or "Antrag Verlängerung" and mail it or send it by regular mail to the relevant PO box of the "Ausländerbehörde" [auslaenderbehoerde@lkgi.de](mailto:auslaenderbehoerde@lkgi.de). This form can be downloaded online and is also available from the information desk. As soon as the form has arrived at the "Ausländerbehörde" and has been handled, you will be sent an appointment and a list of all required documents by regular mail.

Application forms for issuance of German passport substitute documents (traveller's identity document for foreigners or traveller's identity document for refugees) are also available at the information desk or at the registration office of your place of residence.

## **Note:**

The residence titles and the German passport substitute documents are issued as an electronic residence title (eAT) or an electronic traveller's identity document (eRA). Both documents are fitted with a contactless chip inside the card, where the biometrical features (photo and two finger prints) are saved. The chip of the electronic residence title also includes the additional stipulations (obligations) and the personal data. Apart from this, the chip comprises the option to use an electronic identity proof (online identity document function, signature function).

## **Sample eAT (electronic residence title)**

The electronic residence title is produced by the federal official printing press in Berlin. The handling time is within three and five weeks and should be taken into account, when you plan (vacation trips etc.).

## Collection

The notification to collect your electronic residence title is available to you already during your personal appointment, or will be sent to you via regular mail.

2. Issuance and renewal of residence permission

### **Residence title**

Every foreigner has an "identity document". The identity document provides information on the status, and if any restrictions for employment must be observed (When am I allowed to work?).

#### **1. Proof of arrival**

A proof of arrival is issued to foreigners who have applied for asylum. The document is valid for the period between registration as an asylum seeker and official filing of the application to grant asylum with Bundesamt für Migration und Flüchtlinge (BAMF).

Consultation hours for asylum seekers and foreigners with temporary suspension of deportation  
Monday and Wednesday 8.30 - 11am

#### **2. Residence permission**

The residence permission is issued to foreigners for realization of a procedure to grant asylum until the decision has been made by Bundesamt für Migration und Flüchtlinge (BAMF). The identity document for asylum seekers includes obligations for employment, residence situation and initial travelling restrictions.

- If a work permit is required, the employer or employee can request it from the Ausländerbehörde (see "Filing an application for a work permit").

Consultation hours for asylum seekers and foreigners with temporary suspension of deportation  
>>Ausländerbehörde Landkreis Gießen  
Monday and Wednesday 8.30 - 11am

#### **3. Foreigners with status "temporary suspension of deportation"**

The status "temporary suspension of deportation" means that deportation has been suspended and does not imply a lawful right to remain in the country! Status "temporary suspension of deportation" is granted, if deportation is impossible due to legal, actual, humanitarian, or personal reasons.

- If a work permit is required, the employer or employee can request it from the Ausländerbehörde (see "Filing an application for a work permit").

Consultation hours for asylum seekers and foreigners with status "temporary suspension of deportation":

>>Ausländerbehörde Landkreis Gießen  
Monday and Wednesday 8.30 - 11am

#### **4. Applying for a work permit**

Unless you are lawfully entitled to accept an employment/gainful occupation you can file an application for a work permit directly with the "Ausländerbehörde". In connection with the One-Stop-Government, the "Ausländerbehörde" provides you with a corresponding form (job description), which has to be completed by the employer. During a further step, the "Ausländerbehörde" will check, if a work permit for the described employment can be granted, and inform you on the decision in writing.

#### **5. Probationary residence permit**

A probationary residence permit can be used by third-country nationals in Germany as an evidence of a temporary residence right, which may exist in many cases, if an application to grant or to renew a residence permit has been filed. A probationary residence permit is issued only after having filed an application in due time and is normally granted for the period during which the decision on the application to grant a residence permit hasn't been taken by the "Ausländerbehörde". During this phase, foreigners can legitimately stay in Germany after expiration of the previous residence permit or of the previous stay without requiring a permit, however, the right to reside is only temporary and, consequently, not secured.

#### **6. Issuance of a letter of intent - invitation of foreign visitors**

Would you like to invite friends or relatives from a foreign country who need a visa to stay in Germany for a visit or as a tourist for up to 90 days per half year? In this case, you need to write a letter of intent. In this letter, you undertake to pay any public costs that may be caused by your guest during his or her stay.

The letter of intent will be produced by the foreigners' authority during your appointment and must be submitted as a copy when your guest files the application for a visa with the German representation agency abroad. The German agency will decide, if and for which duration a visa can be granted.

To issue a letter of intent, please submit the following documents during the appointment:

- an official identity document such as an identity card or a passport, and the residence title if you are a foreigner.
- Application Self-information Self information

- If you are an employee, bring your salary proofs of the last three months (e. g. certificate of salary, notice of pension and/or unemployment benefit)
- If you are a free-lancer, submit a certificate on your average monthly net income from your tax accountant.
- Specify your visitor's complete personal data and home address, with passport number, if possible.
- bring a service fee in an amount of 29 euros

Notes: The letter of intent must be submitted personally by the host. Other family members are not entitled to submit this declaration as a proxy. Please don't forget that your guest has to provide evidence of sufficient health insurance to the German representation abroad.

## Application to grant asylum

Are you registered in Germany and living at a community home? How should you continue? The additional steps are shown below:

### 1. Personal application to grant asylum

You have to file the application with **Bundes Amt für Migration und Flüchtlinge (BAMF)**.

**Important:** Your application can be submitted only personally. You cannot send your application by mail.

You will be informed on the appointment and on the responsible BAMF agency together with your proof of arrival. When you haven't got an appointment, please ask your accommodation manager.

### 2. First-interview appointment (to file an application for asylum)

- After your first appointment, you have to register with the >>Ausländerbehörde.

### 3. Personal hearing

- The 2nd interview appointment is the actual hearing. The BAMF decides upon your application to grant asylum and sends you an answer.

#### a) The decision is negative

- If the decision is negative and you would like to contest it (means you don't agree), go to your »»Asylum social counselling service immediately. They will tell you what you can do and you can be sent to a specialized lawyer.
- If you decide voluntarily to leave the country, you can get financial support for your restart in your home country.

#### b) The decision is positive, i. e. you have been recognized. Which are the next steps?

##### **Preliminary residence permit or electronic residence title (eAT):**

Immediately after delivery of the BAMF decision, you have to get an identity document or an

equivalent thereof: »»Residential registration office (Ausländerbehörde)

**Job center:** You stop getting your money from the social welfare office and have to file an application with the job center.

## Family asylum

Family members of persons entitled to protection will also be granted asylum.

In the sense of family asylum, family members are spouses or registered partners, minor unmarried children, the custodial parents of minor unmarried children, other adult persons having custody of minor unmarried persons, and minor unmarried siblings of minor persons.

Prerequisite for spouses is that an effective marriage has existed already at the country of origin, that the application to grant asylum has been filed prior to or simultaneously with the person entitled to protection, but at the latest immediately after arrival in Germany and that the entitlement to protection need not be withdrawn.

## Born in Germany:

When a child is born in Germany after the parents have filed an application, the legislator offers the possibility of an own asylum procedure for protection of the children, if defined prerequisites are met. For this purpose, the parents of whom at least one is still involved in an asylum procedure, or the Ausländerbehörde will inform the federal office on the birth. Thus the application to grant asylum is considered as filed automatically - in the newborn baby's interest. The parents may submit their own reasons for asylum for their child. If they don't, the same reasons as for the parents will apply. A negative decision taken by the Bundesamt can be challenged also under these circumstances.

Moreover, and for protection of the child, minor children are not, and are not allowed to be returned separately from their parents in the event of a negative decision.

Further information is provided directly by BAMF.

## Access to the employment market

### Regulations on access to the employment market

If you are a job seeker and immigrant from an EU country, you enjoy freedom of employment and unlimited access to the employment market. For refugees, accessibility is different depending on residence status. For explanations, see below. Below you can find more options for counselling centers.

### Asylum seekers with proof of arrival or permission to stay:

As long as you have to live at an initial accommodation facility, you are not allowed to work. Later on, the »»Ausländerbehörde will decide, if you may work. For this reason, first thing to do is to file an application to grant an authorization to work with Ausländerbehörde.

The following prerequisites are important for the decision on an authorization to work:

- Three months after your registration as an asylum seeker in Germany (with proof of arrival or permission to stay), you have "lower ranking" access to the employment market. This means that Bundesagentur für Arbeit will check, if there is a privileged applicant for the employment. Moreover, the employment conditions are checked.
- After 15 months, no ranking check will take place any more. However, the work conditions will still be checked.
- After 48 months, you have full access to the employment market. No restrictions are applicable any more. However, you must file a corresponding application and have it recorded in your permission to stay.
- If a company-based training is concerned, the decision on the work permit is made exclusively by Ausländerbehörde. No ranking check or check of work conditions by Bundesagentur für Arbeit will take place.

### Persons with status "temporary suspension of deportation":

- If a person's status is "temporary suspension of deportation", the decision on the work permit is always made by the Ausländerbehörde. The Ausländerbehörde can impose a general ban on employment for foreigners.
- Unless such a ban has been imposed on you, you have lower-ranking access to the employment market from the first day of status "temporary suspension of deportation".
- Otherwise, the prerequisites for access to the employment market are as described above.

### Refugees with residence permit:

When you have been recognized by Bundesamt für Migration und Flüchtlinge (BAMF) as an asylum seeker, refugee or person eligible to subsidiary protection, the Ausländerbehörde will grant you a work permit. This permit entitles you to exercise an employment and gives you full access to the employment market.

Different rules apply to free-lance professional activity!  
Prerequisite for the above-mentioned applications is ALWAYS a specific employment offer.

For counselling, the following contact partners are intended especially for refugees - there are differences depending on the status of your asylum procedure: running, recognized or temporary suspension of deportation.

## Education and training (dual system and full-time school)

In Germany, it is of great advantage, if you have a **professional qualification** before you start working. On average, persons who have a professional qualification earn more money, are less frequently unemployed and have less frequently temporary employment contracts than people seeking a job without a professional qualification.

## Dual training

A particularity in Germany is dual training. One third of dual training takes place at a »»Vocational school, whereas two thirds of the training occur at a training company. In this way, you are familiarized simultaneously with theory and practice and will earn money already during training at a company.

Depending on what kind of profession you want to learn during dual training, you have to contact a suitable center:

## **Handwerkskammer (Chamber of Crafts)**

Handwerkskammer (HWK) is the competent body for handicrafts. If you want to train as a baker, mason or painter, you can get information from a Handwerkskammer.

## **Industrie- und Handelskammer (IHK)**

## **Training at a vocational school**

However, there is not only a dual training option in Germany, but also training at a technical school. A technical school provides completed theoretical and practical professional training outside the dual training system (without an employment as a trainee at a company). Training programs usually take two or three years. Lessons are attended full-time and normally comprise subjects of general interest apart from vocational subjects. As there are important differences as to the disciplines, conditions for admittance, training duration and further options for education at technical schools, we recommend seeking information from the relevant school.

## **Compulsory education at a vocational school:**

The duty to attend a vocational school starts after completion of full-time school attendance (6 to 15 years of age) after leaving a full-time school and starting to work in a trainee relationship.

Trainees having a training position in the sense of the law on vocational training are subject to compulsory attendance of a vocational school for the duration of the training employment.

After completing the extended full-time compulsory school attendance, young people who don't have a trainee relationship are entitled to attend a vocational school during three years up to the end of the school year in which they complete the 18th year of their life.

Compulsory attendance of a vocational school is met by attending a vocational school at the school district in which the place of employment is situated. If a handicapped person is concerned, this is the place of the workshop.

For persons entitled to attend a vocational school without a trainee relationship, the place of residence is decisive, and, for persons entitled to attend a vocational school in measures of Bundesagentur für Arbeit, the place of the measure is decisive.

## Academic studies

### Studying at a university

Refugees can also study in Germany. However, they must meet the same prerequisites as other foreign students. Moreover, they need very good knowledge of spoken and written German (normally C1, at least B2). Please, find specific offers for refugees in the area:

## Funding and scholarship

As a student in Germany, you can apply for financial support pursuant to Bundesausbildungsförderungsgesetz (in short: BAföG). BAföG funding is paid per month and maximally for the duration of the studies. The BAföG amount per month can be between 399 and 735 euros. Half of the BAföG amount must be refunded after the studies. The exact information on BaföG changes regularly and can be displayed via the following link:

[!\[\]\(fb38b2d97fa181a28086eb3d6320a099\_img.jpg\) Website BAföG even without a German passport](#)

An alternative to BAföG is a scholarship. Unlike BAföG, there is normally no need to refund a scholarship. But good achievements and unpaid commitment play a decisive part for granting a scholarship. The amount is often calculated analogously to the BAföG amount. Additionally, there is a so-called "Allowance for books", which is a monthly payment of up to 300 €.

Organizations granting scholarships are often called organizations for promotion of talented students. The following organizations offer programs especially for refugees. For application guidelines and requirements, see the relevant websites.

An exception is e. g. the "Garantiefond of Otto Benecke Stiftung". The program is intended for young immigrants who want to acquire the qualification to study at a university in Germany,

prepare for university studies and seek an academic career. Another option is a "Deutschlandstipendium", which provides monthly support with 300€ per month. "Deutschland-Stipendien" are granted by the relevant universities.

## Recognition of reports and certificates

### Recognition of foreign educational qualifications

**Reports, certificates** and **testimonials** play an important part at school, university or during professional career in Germany. They provide evidence of what you have already learned and achieved. They are a decisive prerequisite to get an employment or to be admitted to a school or a university. When you have already acquired certificates at school, during training or at university in a foreign country, you should apply for **recognition** of these certificates in Germany. This means your qualification to exercise a job in Germany is checked based on your certificates and your achievements are translated. Perhaps you have lost your certificates. In this case, you can try to have your professional experience and skills recognized by tests.

When you seek studies or an employment as a scientist, you can contact the relevant persons at university for recognition of your certificates.

### **Official authentication of certificates**

An official authentication is a confirmation of the authenticity of a document. For example, you need it to register at a university. The copies of the certificates must be authenticated officially.

### **What an authentication must contain**

- An authentication note saying that the copy corresponds to the original script
- The original stamp of the authenticating body
- The original signature of the authenticating person
- You are not allowed to send a copy of the authenticated document!

### **Who is allowed to authenticate a document?**

Official authentications can be provided by any official body having an official seal. For example, these are official authorities (municipal and district administrations) as well as notaries.

Please note that not all municipal administrations authenticate certificate copies in foreign languages. You should inform yourself in advance, if your municipal administration provides authentication of these copies.

The following persons and centers are not authorized to provide authentication of copies: Translators, lawyers, public accountants, associations.

### **Can I have documents authenticated in a foreign country?**

Yes, this service can be provided by a notary or an authority allowed to do so. In case of doubt, we will ask you to have the copies authenticated additionally in Germany.

## **Children, youth and family**

### **Information**

In Germany, children, adolescents and families enjoy special protection. This protection starts already during pregnancy and continues, until a child is 18 years old (of full age).

For example, it is forbidden to beat children in Germany. Education in Germany must do without violence.

Special authorities ensure that a child doesn't suffer damage from his or her environment (including the family).

Every child must attend school.

For information on daycare facilities and schools, see the following link: <https://www.lkqi.de/gesundheits-und-soziales/fluec...>

### **Pregnancy and childbirth**

#### **Pregnancy and childbirth**

In Germany, pregnant women are under special protection and entitled to counselling, medical care and support for acquisition of equipment for the child. If you are pregnant, the first thing you should do is to see a gynecologist. He (she) should do the preventive medical examinations. You will be issued an expectant mother's record of prenatal and natal care. This record is a document containing important information on your pregnancy, health and your child's health. For cases of emergency, carry it with you wherever you go.

#### **Childbirth and follow-up care**

Your gynecologist will send you to a maternity hospital. After delivery, ask for a mid-wife to provide follow-up care at your accommodation. The hospital will provide a birth confirmation.

### **Registration**

Newborn children must be registered with the registry office and the management of the accommodation facility. The maternity hospital reports the childbirth to the registry office, where you will get your child's (preliminary) birth certificate after presenting your identity document, the birth confirmation from the hospital and your marriage certificate, if there is any. Please, provide a copy of the birth certification to the management of you accommodation facility, in order to have your child registered.

Note: Please, submit only original documents. For documents written in foreign languages, an officially certified German translation is required.

## **Pediatrician**

There are ten early screening tests (U1-U9 and J1). This means the child is examined regularly up to the 6th year of his (her) life to supervise his (her) development. U1 (examination after birth) and U2 examinations are normally done at the hospital. For further examinations, you must make an appointment with your pediatrician.

💡 When you register with a daycare facility for your child, complete documentation of early screening tests can be requested.

## **Runde Sache**

"Runde Sache" is a module of regional early prevention offered by Landkreis and town of Gießen. "Runde Sache" is a family midwife program of Landkreis Gießen. It is intended for (pregnant) mothers and fathers in need of support in addition to the early screening and follow-up care provided by the health insurance. Expecting a child is often accompanied by insecurities and worries. To enable you to look forward to the growth of your family, family mid-wives and pediatric family nurses will assist you on request.

A family mid-wife will spend time with you and your partner, visits you at your home and helps you with all questions arising during pregnancy and birth, or your child's development. However, she will also advise you, if you feel insecure in your everyday life, profession and partnership in general, in order for you to maintain your physical and psychical health. In her endeavors, a successful parent-child relationship will have priority.

Support via "Die Runde Sache" is free of charge for the parents. You can let you help already during pregnancy and during your child's entire first year.

"Die Runde Sache" is a joint activity of Landkreis and Stadt Gießen. It has been organized by the health authority. Two coordinators are available to help and to mediate.

## Childcare

### What is a "Kita"?

Kita is the abbreviation of the word "Kinder-Tages-Einrichtung" (daycare facility). Prior to attending school, from an age of 1 to 12 years, your child can attend a daycare facility for children. At this facility, nursery teachers will take care of your child and teach him many important things. We distinguish between municipal and private Kitas. Many employers also offer a company-owned Kita.

The advantages of a municipal Kita are the probably less expensive fees which have to be paid by the parents. Private Kitas, however, have a financial orientation. They are not subsidized by the state and must be financed by the parents who have to pay childcare fees. These fees can be considerably higher than those of a municipal Kita.

There is no legal obligation for children to attend a daycare facility. While you stay at an initial accommodation unit, you aren't entitled to claim for a place at a daycare facility. Children registered at a municipal community home who are involved in an asylum procedure are legally entitled to being fostered at a daycare unit or by comparable means, like German children.

Between their first and third year, they are entitled to request being cared for at a nearby daycare unit or by a daycare professional. From the end of a child's third year until school age, children are legally entitled to attend a daycare facility.

### Why is a Kita good for my child?

Your child can learn German and discover new things. He or she will find contact to other children to make friends with and get familiar with the German culture. You should make use of this option; it is important for your child's future. Attending a daycare facility will also help children to prepare for school.

### How can I find a place at a daycare unit for children?

Registration is possible directly at a Kita or with the carrier organization. In many cases, parents may have to submit an employment certificate and the child's preventive screening booklet. It is a good idea to get informed on the requirements of your facility in advance. The youth welfare office can be helpful as well.

Registration for a Kita should be done very early, ideally as early as six months in advance. The advantage is that your child can attend the Kita from the date you need it, and you are free to go to work. How sought-after and rare the places at a Kita are varies from one Kita to another. However, there are frequently not enough Kita places in your direct vicinity of your home or your accommodation unit.

### Which Kita is appropriate for my child?

Seeking direct information locally is particularly recommendable, if you have to select a suitable Kita. Many Kitas offer an open day, which is usually held at the beginning of the year. Find out if the values and principles of the Kita correspond with your own opinions. Make sure that simple questions such as meals or opening hours are settled. To prevent any conflicts, more complex questions like the philosophy of the Kita should also be taken into account. Almost all Kitas have

a website or offer information on the municipal website.

Moreover, the [LITTLE BIRD](#) Internet site is an important help:

LITTLE BIRD is an internet portal which can help you finding a suitable daycare unit for your children. Before using it, however, you have to register on the site. To register, enter your first and family name as well as your email address and a password. Then you have to go through a safety check: enter the letters and numbers shown in the pictures into the input field. Now, please accept the terms of use and the privacy statement, which, of course, should be read before accepting them. The site is also available in English.

After registration, you can enter concrete information relating to your Kita search. Enter your child's date of birth, the ZIP code, the town and the required date from which you need the daycare unit. If necessary, you can filter your search, e. g. by entering, for example, your religion or the minimum number of hours per week.

When you have found suitable daycare providers, you can either take a note of the unit, have a closer look at the provider's profile, display the site on a map or send an inquiry for daycare. You can make 5 active inquiries simultaneously. But if you receive negative answers, you can send additional inquiries. The best thing to do is seeking a daycare unit for your children as early as possible. On portal "LITTLE BIRD", you can send a daycare inquiry up to 3 years in advance.

If you need to send an urgent daycare inquiry, however (if a place is required within the next 3 months), we recommend contacting the relevant facilities/daycare professional or the municipal administration personally, in order to ensure speedy handling.

## Financial support

Daycare facilities for children are subject to payment of a fee to the municipal administration body or carrier organization. If the parents or legal guardians are unable to pay the costs, the fees can be paid by the youth welfare office. For this, you have to file an application.

If certain prerequisites are met, these fees can be paid in whole or part by the Landkreis, which is a public youth welfare carrier. In order for nursery school fees to be paid, parents must file a corresponding application with the Landkreis administration.

If and to which extent nursery school fees are paid by the Landkreis, depends primarily on the parents' economic situation. For this reason, documents revealing the economic situation must be submitted together with the application.

### **Daily routine at a Kita**

Each individual Kita has its own day routine. Important differences between units may exist. But every facility must meet defined conditions.

Most Kitas open already at 7am. In the morning, the children are welcomed by the nursery teacher. The children get time to have breakfast together or to play. After breakfast, they will brush teeth together with a nurse. Now, the children can play freely during several hours, or participate in various offers. They may also go for a walk, or to a playground.

At a Kita, your child can have lunch at a defined time. Some Kitas offer times for rest and sleeping. According to the children's needs, these may be more or less extended. On the whole, the children get a lot of time to play and have a good romp, make friends and familiarize with the German culture at every Kita. They sit in a circle singing, playing and talking to each other.

## **School for children from 6 to 15 years of age**

In Germany, attending school is compulsory. This means that all children between the age of 6 and 15 have to go to school. Their parents or guardians must ensure that the children go to school regularly. Attending school at state and municipal schools is free of charge.

💡 Parents often receive written information from the school, which is brought home by their children. It is important that you read this information.

For children and adolescents with migration background, flyer [„Erfolgreich Deutsch lernen“](#) issued by the Hessian ministry offers a survey of promotional concepts.

### **Tickets for pupils:**

Generally, an application must be filed with the school secretariat. This application will be forwarded to Verkehrsgesellschaft Oberhessen (VGO) by the schools. After only one or two days, the ticket will be sent to the school. Tickets for pupils are paid, if the distance from the school exceeds two kilometers with primary school pupils and and three kilometers with secondary schools. The costs are paid maximally until completion of the 18th year of life.

- Vaccinations are not a prerequisite for attending a school. The normal medical entrance examination is also applicable to refugee children.
- All schools have their own registration forms. There are various forms. Normally, registration via Internet is not possible (yet).
- There are also various forms for registration with daycare units.
- These are available directly from the daycare facility.

### Minor refugees without parents

Refugees under the age of 18 who came to Germany **completely without an escort** are called **unbegleitete minderjährige Ausländer = umA** (unescorted minor foreigners). These young persons will be registered by the youth welfare office. The youth welfare office talks to these young persons and determines their age. The age decides, if the youth welfare office will take care of the minor person (under the age of 17), or if he or she will be placed at a home intended especially for adolescents ("placement"). If the youth welfare office says that the person is "of full age" (18 years and older), the person will get a negative answer and will be treated as an adult. The youth welfare office will bring an interpreter to the meeting.

**Important:** If you get a negative answer from the youth welfare office, although you are under the age of 18 on your arrival certificate, the youth welfare office has to fill in a new date of birth on the official letter of reply. This is a prerequisite for you to have your documents changed by "Ausländerbehörde" and social welfare office.

Some minor persons (under the age of 18) come **with relatives** (uncles or aunts, cousins or older siblings) rather than with their parents. These persons will be registered with the youth welfare office by the accommodation facility after arrival. The youth welfare office will talk to the minor persons and their adult relatives and check, if the minor person can stay with them. Moreover, the youth welfare office will decide, if a guardian will be nominated. The youth welfare office will bring an interpreter to this meeting.

The adult relatives may also file an application with the family court, to nominate them as guardians. Guardianship means that the relative gets full responsibility for the minor person in lieu of the parents.

### **Fire protection**

#### **Smoke alarms save lives**

Smoke detectors are located in various places on the ceiling of houses and flats. In the event of a fire, a loud, shrill alarm sounds. We need this acoustic signal, especially to be protected while we sleep. This is how the smoke alarm can become a lifesaver. Because the most dangerous thing in a fire is not the fire, but the toxic smoke. Smoke alarms do not prevent fires, but they do detect smoke and warn you in good time with a loud signal. Please make sure that smoke alarms are present and report any abnormalities such as absence, sounds or light signals to your landlord or landlady immediately.

#### **Behaviour in emergencies**

Whether in the event of a fire or accident, you can call **112** for help quickly in an emergency. Please provide the following information:

In the event of a fire, please get yourself and your relatives to safety. The lift must not be used if there is a fire in the building. Always follow the instructions of the police and emergency services.

## Mobility

Using public transport facilities such as a bus or a train, many points of interest in Landkreis Gießen and environment can be reached easily. A healthy, cheap and ecologically clean alternative to go from point A to point B is a bicycle.

### Public transport

#### General information

In Germany, public transport facilities such as trains or buses (underground railways, trams etc. in big cities) are available to people. You just need a valid ticket.

#### Bus

In Gießen, mainly bus lines are provided for public transport. The towns and villages of Landkreis Gießen are provided with trains, buses, AST and ALT.

#### ALT and AST public transport

If it's not profitable to make a tour with a big bus, e. g. if only a low number of people use it, an ALT or AST will be sent. ALT is an abbreviation for Anruf-Linien-Taxi (call line taxi), AST stands for Anruf-Sammel-Taxi (call collective taxi). This is usually a minibus or a passenger car. Despite the word "taxi" in the name, ALT and AST shouldn't be confused with a "normal" taxi. The word "Taxi" refers only to the appearance and the holder of the vehicle. ALT and AST circulate as line traffic and are thus subjected to the rules of line traffic. This means: The time table is applicable, entry only at official stops and tickets as well as rates as applicable to buses.

The principle behind ALT and AST is the same: You can use it only, when the tour has been registered correctly in advance. The phone for registering is given on the relevant time table. Registering is correct only, if realized at least 60 minutes in advance. The exact

number of passengers stated when registering is binding. ALT and AST can transport a maximum of 8 passengers. If a tour is already full, another tour must be chosen.

ALT and AST have a fixed time table. Only stops for which a tour has been registered are served. Deviations from the time table aren't possible. The ALT/AST will always go directly from the start to the destination stop.

Tours within a single locality aren't possible with ALT or AST.

When choosing an AST, you have to pay an additional charge of 1.50 EUR and you get out at a place of your choice at the destination, e. g. in front of your own door.

## Train

There are various railway lines in Landkreis Gießen. Changing lines is possible at the Gießen main railway station, where trains going to the following directions can be chosen:

- Buseck – Reiskirchen – Grünberg – Alsfeld – Lauterbach – Fulda
- Wetzlar – Herborn – Siegen
- Wetzlar – Limburg (- Koblenz)
- Lich – Hungen – Nidda – Gelnhausen

Changing to numerous bus lines is also possible at the main railway station.

Moreover, the Gießen railway station offers connection to long-distance IC and ICE DB routes (Binz –) Stralsund/Westerland – Hamburg – Hanover – Gießen – Frankfurt (M) – Karlsruhe/Würzburg – Oberstdorf/Munich – Berchtesgaden (white trains with red stripes)

In addition to the main railway station, there are the following railway stations/stops in the city of Gießen:

## Time tables and additional information

The time tables and departure times are hung out at all bus and train stops.

In the city of Gießen, there are also stops with real-time display of the next bus departure.

When checking time tables, make sure to note any restrictions. For example, many tours take place only on school days or during holidays. For holidays, see the website of Hessisches Kultusministerium: <https://kultusministerium.hessen.de/schulsystem/f...>

Moreover, you can check the footnotes and hints to find out if a tour is served by a regular bus or offered as a registration tour (see explanation for "ALT and AST").

Additional information and all bus time tables for the city of Gießen are available from Stadtwerke Gießen. The Stadtwerke service center can be found at Marktplatz in Gießen: [www.swg-verkehr.de](http://www.swg-verkehr.de)

Additional information and all bus time tables for Landkreis Gießen are available from VGO Verkehrsgesellschaft Oberhessen. The VGO service center is located at Neuenweg 5 in Gießen: [www.vgo.de](http://www.vgo.de)

All timetables are included in the connection information of Rhein-Main-Verkehrsverbund and Deutsche Bahn, which is available also in English, French, Spanish, Turkish and Italian. This connection information is available on the above-mentioned websites and also under [www.rmv.de](http://www.rmv.de), [www.bahn.de](http://www.bahn.de) or in the apps of RMV and Deutsche Bahn (available for Android and iOS).

## Tickets

To use a bus or a train, you always need to buy a valid ticket and present it, if there is a ticket inspection. In Landkreis Gießen and in the city of Gießen, the rates of RMV Rhein-Main-Verkehrsverbund [www.rmv.de](http://www.rmv.de) are applicable.

The price is not negotiable and must be paid by all passengers (special regulations are applicable only to seriously handicapped persons or e.g. police officers wearing a uniform).

For a tour from start to destination, you always need only one RMV ticket, no matter how often you change trains. Even if you change e. g. from bus or ALT to train.

Tickets must always be bought PRIOR TO starting a tour. No tickets may be bought at the train.

Tickets are available here:

- From the bus driver (please have small change ready)
- From a ticket dispenser at the stations (tickets from a dispenser can be used only to start tours immediately).

- At Stadtwerke Gießen customer center (Marktplatz): <https://www.swg-verkehr.de/rmv-mobilitaetszentral...>
- At VGO service center (Neuenweg): <https://www.rmv.de/c/de/start/vgo/kontakt/vgo-ser...>
- At other RMV service centers: <ren/https://www.rmv.de/c/de/fahrkarten/fahrkarten...>
- At DB travel centers: <https://reiseauskunft.bahn.de/bin/ff/query.exe/dn...>
- App RMV mobile ticket (available for Android and iOS): <https://www.rmv.de/c/de/fahrkarten>
- DB navigator app (available for Android and iOS): <https://www.bahn.de/p/view/service/mobile/db-navi...>

Transport of children under the age of 6 accompanied by an adult is free, however, the adult person needs a valid ticket. Children and young people between the age of 6 and 14 can buy tickets at a lower rate. All persons from 15 years must buy an adult ticket. Pupils, trainees and senior people can buy less expensive tickets, however, they need a special document (e. g. school certificate or proof of age).

There are various types of tickets for all sorts of requirements:

- Single-tour tickets
- Day tickets – which make sense buying already for a return journey on the same day (also available for groups up to 5 persons)
- Weekly tickets
- Monthly tickets
- Annual tickets

RMV tickets are NOT valid at Deutsche Bahn IC and ICE trains (white trains with red stripes).

#### **CAUTION**

Using a bus or train without a valid ticket is not permitted. Persons who can't present a valid ticket when checking will have to pay an increased transport charge of **60 EUR**.

## **Bicycle**

If you know that you will live in Landkreis Gießen during a longer period of time, it is a good idea to get a bicycle. This is cheaper than using a bus or a train.

### **Important traffic rules for cyclists (choice)**

- Always drive on the right side of the lane.
- Go behind each other rather than side by side.
- If a cycle track is provided, you must use it (always on the right of the street in driving direction).
- Only children up to the age of 11 are allowed to use the foot walks with a bicycle.
- Using a mobile phone when driving a bicycle is prohibited.

## Purchasing and repairs

💡 When buying a bicycle, make sure your bicycle is fitted with the following equipment and thus safe. Otherwise, you will have to pay a penalty, if you are stopped and checked by the police.

- Front and rear lamp
- Front and rear reflector
- Reflectors in the spokes (2 in each wheel)
- Reflectors on the pedals
- Bell
- Two independent brakes

Low-priced second-hand bicycles can be found, for example, at flea markets, or on the Internet, such as in ebay small ads: <https://www.ebay-kleinanzeigen.de>

## **Liability insurance**

If you harm someone in Germany without intention, you must pay compensation. This applies to injuries to people, damage to property and loss of money in private life.

Example: If you cause an accident with your car or your child breaks a window with a ball.

In Germany, you can take out private liability insurance to pay for these damages for you and your family. You can decide whether you want to take out this insurance. However, it is recommended.

## **Internet and free WIFI**

### **Public, free-of-charge WLAN hotspots**

Free WLAN is available at several locations (hotspots) in Landkreis Gießen. Here you can do Internet research using your own computer.

#### **Public hotspots:**

<https://www.europakarte.org/wlan/deutschland/hess...>

## **Giro account**

A giro account is an account for persons who want to make payments via a bank. Your money is always available on your giro account.

Using a giro account, you can:

- Transfer money

- Receive cashless payments (payments from official authorities (social benefits). These are often transferred to a personal giro account.
- Set up standing orders
- Make payments by direct debit
- Pay in checks and make cashless payments using EC/Maestro card
- Withdraw cash money at a bank counter or a cashpoint
- Print your account statements

**Important:** Make sure that there is enough money on your account for all withdrawals and payments.

**Tip:** Various banks offer giro accounts at varying conditions. Make sure to be informed how much money a giro account costs monthly and which services the bank offers for this money.

## Opening an account

Decide at which bank you want to open an account. Make an appointment for opening the account. Please, bring one of your identity documents: Proof of arrival, residence authorization, identity document. If no current address is given on your identity document, please, bring an additional registration certificate or a comparable document.

**Important:** If you don't speak German or English, please, bring an interpreter.

### Important notes:

- After opening an account, you will get an EC card with a four-digit PIN code. Sign the EC card on the rear and learn the PIN code by heart. The PIN code is required to make cashless payments and money withdrawals at a cashpoint. **Keeping the card and the PIN code separately is indispensable!**
- If you want to withdraw cash money, you should use a cashpoint belonging to the bank where you have your account. In this case, withdrawal is free of charge. If you enter three successive faulty PIN codes at a cashpoint, the EC card will be withdrawn and locked. In this case, you have to ask your bank.
- If your EC card is lost or stolen, you should have your EC card locked immediately. Give them your IBAN. Ask your bank to issue a new EC card.

Phone number for locking an EC card:

 116 116  
 24/7

If you need help using your EC card correctly, ask one of your helpers.

Information to open an account with Sparkasse is available here:

<https://www.sparkasse.de/geld-leichter-verstehen/...>

Information to open an account with Volksbank is available here:

<https://www.vb-mittelhessen.de/privatkunden/girokonto-kreditkarten/service/konto-fuer-fluechtl...>

## Contracts and mobile phone

**Particularly important:** Don't ever sign a document which you didn't understand or can't read. Otherwise, you might sign a contract or an agreement implying an obligation to pay. It is sometimes quite difficult to cancel such a document. Always check several offers and take your time to make a decision. Don't let anybody urge you to sign a document.

In Germany, there are two types of contracts for mobile phones: Prepaid contracts and term contracts. A prepaid contract is without a fixed term. A term contract has a minimum contract term. This contract will be renewed automatically, unless you cancel it. If you don't want to renew the contract automatically, you must cancel it in writing. Make sure to be informed on the term.

### **10 important questions before making a contract:**

- What is the basic charge? Will the charge increase after a defined period of time?
- Is there a monthly minimum charge (minimum costs per month)?
- What is the contract duration (e.g. 12 or 24 months)?
- Will the contract be renewed automatically unless I cancel it?
- On which date will I have to cancel, if I don't want to renew the contract?
- How much money will be charged for setting up, changing and de-activating?
- Which is the timing cycle (60/1, 10/10) used for calculation?
- What is the cost per minute (third-party/own network)?
- What is the cost of a mobile with contract and how much money does the mobile cost without a contract?
- How much does Internet cost?
- How expensive are calls to a foreign country?

## **Dwelling**

### **Apartment hunting**

Before you look for an apartment, make sure to be clear about what exactly you should look for (own apartment, room at a shared apartment), how expensive the rent may be (for upper limits of rental charges, see also rental charges/rental contract) and which requirements should be met by the apartment (size, situation, accessible to disabled persons, etc.).

### **Where can you find an apartment?**

Apart from daily and weekly newspaper ads, a large number of online portals offer rental apartments and condominiums. A list with important abbreviations can help understanding ads for an apartment. For a list, see: [Abbreviations](#)

Information relating to rent as well as support and advice for members can be found under: <https://www.mieterverein-giessen.de/>

## Search via newspaper

### Offers in newspapers

If you are looking for a new flat, you can look in the Gießener Allgemeine Zeitung or the Gießener Anzeiger. The flat listings appear every Friday.

You will also find housing offers in the Sonntag-Morgenmagazin. This paper is free of charge. You will receive it if you do not have a "No advertising" sticker on your letterbox. There is also a property section in the Sonntag-Morgenmagazin.

## Housing allowances

### Housing allowances

If you and the persons living at your household earn only little money, you can get a subsidized apartment. For this, you need a Wohnberechtigungsschein (entitlement certificate). Under defined prerequisites, you can be entitled to receive a housing allowance. If you get money from the state for you and your family, you don't normally need to file an application for payment of a housing allowance.
