Children, youth and family

Information

In Germany, children, adolescents and families enjoy special protection. This protection starts already during pregnancy and continues, until a child is 18 years old (of full age).

For example, it is forbidden to beat children in Germany. Education in Germany must do without violence.

Special authorities ensure that a child doesn't suffer damage from his or her environment (including the family).

Every child must attend school.

For information on daycare facilities and schools, see the following link: <https://www.lkgi.de/gesundheits-und-soziales/fluec...>

Pregnancy and childbirth

Pregnancy and childbirth

In Germany, pregnant women are under special protection and entitled to counselling, medical care and support for acquisition of equipment for the child. If you are pregnant, the first thing you should do is to see a gynecologist. He (she) should do the preventive medical examinations. You will be issued an expectant mother's record of prenatal and natal care. This record is a document containing important information on your pregnancy, health and your child's health. For cases of emergency, carry it with you wherever you go.

Childbirth and follow-up care

Your gynecologist will send you to a maternity hospital. After delivery, ask for a mid-wife to provide follow-up care at your accommodation. The hospital will provide a birth confirmation.

Registration

Newborn children must be registered with the registry office and the management of the accommodation facility. The maternity hospital reports the childbirth to the registry office, where you will get your child's (preliminary) birth certificate after presenting your identity document, the birth confirmation from the hospital and your marriage certificate, if there is any. Please, provide a copy of the birth certification to the management of you accommodation facility, in order to have your child registered.

Note: Please, submit only original documents. For documents written in foreign languages, an officially certified German translation is required.

Pediatrician

There are ten early screening tests (U1-U9 and J1). This means the child is examined regularly up to the 6th year of his (her) life to supervise his (her) development. U1 (examination after birth) and U2 examinations are normally done at the hospital. For further examinations, you must make an appointment with your pediatrician.

💡 When you register with a daycare facility for your child, complete documentation of early screening tests can be requested.

Runde Sache

"Runde Sache" is a module of regional early prevention offered by Landkreis and town of Gießen. "Runde Sache" is a family midwife program of Landkreis Gießen. It is intended for (pregnant) mothers and fathers in need of support in addition to the early screening and follow-up care provided by the health insurance. Expecting a child is often accompanied by insecurities and worries. To enable you to look forward to the growth of your family, family midwives and pediatric family nurses will assist you on request.

A family mid-wife will spend time with you and your partner, visits you at your home and helps you with all questions arising during pregnancy and birth, or your child's development. However, she will also advise you, if you feel insecure in your everyday life, profession and partnership in general, in order for you to maintain your physical and psychical health. In her endeavors, a successful parent-child relationship will have priority.

Support via "Die Runde Sache" is free of charge for the parents. You can let you help already during pregnancy and during your child's entire first year.

"Die Runde Sache" is a joint activity of Landkreis and Stadt Gießen. It has been organized by the health authority. Two coordinators are available to help and to mediate.

Childcare

What is a "Kita"?

Kita is the abbreviation of the word "Kinder-Tages-Einrichtung" (daycare facility). Prior to attending school, from an age of 1 to 12 years, your child can attend a daycare facility for children. At this facility, nursery teachers will take care of your child and teach him many important things. We distinguish between municipal and private Kitas. Many employers also offer a company-owned Kita.

The advantages of a municipal Kita are the probably less expensive fees which have to be paid by the parents. Private Kitas, however, have a financial orientation. They are not subsidized by the state and must be financed by the parents who have to pay childcare fees. These fees can be considerably higher than those of a municipal Kita.

There is no legal obligation for children to attend a daycare facility. While you stay at an initial accommodation unit, you aren't entitled to claim for a place at a daycare facility. Children registered at a municipal community home who are involved in an asylum procedure are legally entitled to being fostered at a daycare unit or by comparable means, like German children.

Between their first and third year, they are entitled to request being cared for at a nearby daycare unit or by a daycare professional. From the end of a child's third year until school age, children are legally entitled to attend a daycare facility.

Why is a Kita good for my child?

Your child can learn German and discover new things. He or she will find contact to other children to make friends with and get familiar with the German culture. You should make use of this option; it is important for your child's future. Attending a daycare facility will also help children to prepare for school.

How can I find a place at a daycare unit for children?

Registration is possible directly at a Kita or with the carrier organization. In many cases, parents may have to submit an employment certificate and the child's preventive screening booklet. It is a good idea to get informed on the requirements of your facility in advance. The youth welfare office can be helpful as well.

Registration for a Kita should be done very early, ideally as early as six months in advance. The advantage is that your child can attend the Kita from the date you need it, and you are free to go to work. How sought-after and rare the places at a Kita are varies from one Kita to another. However, there are frequently not enough Kita places in your direct vicinity of your home or your accommodation unit.

Which Kita is appropriate for my child?

Seeking direct information locally is particularly recommendable, if you have to select a suitable Kita. Many Kitas offer an open day, which is usually held at the beginning of the year. Find out if the values and principles of the Kita correspond with your own opinions. Make sure that simple questions such as meals or opening hours are settled. To prevent any conflicts, more complex questions like the philosophy of the Kita should also be taken into account. Almost all Kitas have a website or offer information on the municipal website.

Moreover, the [LITTLE BIRD](#) Internet site is an important help:

LITTLE BIRD is an internet portal which can help you finding a suitable daycare unit for your children. Before using it, however, you have to register on the site. To register, enter your first and family name as well as your email address and a password. Then you have to go through a safety check: enter the letters and numbers shown in the pictures into the input field. Now, please accept the terms of use and the privacy statement, which, of course, should be read before accepting them. The site is also available in English.

After registration, you can enter concrete information relating to your Kita search. Enter your child's date of birth, the ZIP code, the town and the required date from which you need the daycare unit. If necessary, you can filter your search, e. g. by entering, for example, your religion or the minimum number of hours per week.

When you have found suitable daycare providers, you can either take a note of the unit, have a closer look at the provider's profile, display the site on a map or send an inquiry for daycare. You can make 5 active inquiries simultaneously. But if you receive negative answers, you can send additional inquiries. The best thing to do is seeking a daycare unit for your children as early as possible. On portal "LITTLE BIRD", you can send a daycare inquiry up to 3 years in advance.

If you need to send an urgent daycare inquiry, however (if a place is required within the next 3 months), we recommend contacting the relevant facilities/daycare professional or the municipal administration personally, in order to ensure speedy handling.

Financial support

Daycare facilities for children are subject to payment of a fee to the municipal administration body or carrier organization. If the parents or legal guardians are unable to pay the costs, the fees can be paid by the youth welfare office. For this, you have to file an application.

If certain prerequisites are met, these fees can be paid in whole or part by the Landkreis, which is a public youth welfare carrier. In order for nursery school fees to be paid, parents must file a corresponding application with the Landkreis administration.

If and to which extent nursery school fees are paid by the Landkreis, depends primarily on the parents' economic situation. For this reason, documents revealing the economic situation must be submitted together with the application.

Daily routine at a Kita

Each individual Kita has its own day routine. Important differences between units may exist. But every facility must meet defined conditions.

Most Kitas open already at 7am. In the morning, the children are welcomed by the nursery teacher. The children get time to have breakfast together or to play. After breakfast, they will brush teeth together with a nurse. Now, the children can play freely during several hours, or participate in various offers. They may also go for a walk, or to a playground.

At a Kita, your child can have lunch at a defined time. Some Kitas offer times for rest and sleeping. According to the children's needs, these may be more or less extended. On the whole, the children get a lot of time to play and have a good romp, make friends and familiarize with the German culture at every Kita. They sit in a circle singing, playing and talking to each other.

School for children from 6 to 15 years of age

In Germany, attending school is compulsory. This means that all children between the age of 6 and 15 have to go to school. Their parents or guardians must ensure that the children go to school regularly. Attending school at state and municipal schools is free of charge.

🗨️ Parents often receive written information from the school, which is brought home by their children. It is important that you read this information.

For children and adolescents with migration background, flyer [„Erfolgreich Deutsch lernen“](#) issued by the Hessian ministry offers a survey of promotional concepts.

Tickets for pupils:

Generally, an application must be filed with the school secretariat. This application will be forwarded to Verkehrsgesellschaft Oberhessen (VGO) by the schools. After only one or two days, the ticket will be sent to the school. Tickets for pupils are paid, if the distance from the school exceeds two kilometers with primary school pupils and three kilometers with secondary schools. The costs are paid maximally until completion of the 18th year of life.

- Vaccinations are not a prerequisite for attending a school. The normal medical entrance examination is also applicable to refugee children.
- All schools have their own registration forms. There are various forms. Normally, registration via Internet is not possible (yet).
- There are also various forms for registration with daycare units.
- These are available directly from the daycare facility.

Contact partners for parents and pupils:

The state education authority in Gießen is available to parents and pupils for inquiries. Concrete school matters or problems should be clarified first with the contact partner at school – teachers, headmaster or spokesperson. If other matters are concerned, the officials at "Staatliches Schulamt" are available to you for support.

Minor refugees without parents

Refugees under the age of 18 who came to Germany **completely without an escort** are called **unbegleitete minderjährige Ausländer = umA** (unescorted minor foreigners). These young persons will be registered by the youth welfare office. The youth welfare office talks to these young persons and determines their age. The age decides, if the youth welfare office will take care of the minor person (under the age of 17), or if he or she will be placed at a home intended especially for adolescents ("placement"). If the youth welfare office says that the person is "of full age" (18 years and older), the person will get a negative answer and will be treated as an adult. The youth welfare office will bring an interpreter to the meeting.

Important: If you get a negative answer from the youth welfare office, although you are under the age of 18 on your arrival certificate, the youth welfare office has to fill in a new date of birth on the official letter of reply. This is a prerequisite for you to have your documents changed by "Ausländerbehörde" and social welfare office.

Some minor persons (under the age of 18) come **with relatives** (uncles or aunts, cousins or older siblings) rather than with their parents. These persons will be registered with the youth welfare office by the accommodation facility after arrival. The youth welfare office will talk to the minor persons and their adult relatives and check, if the minor person can stay with them. Moreover, the youth welfare office will decide, if a guardian will be nominated. The youth welfare office will bring an interpreter to this meeting.

The adult relatives may also file an application with the family court, to nominate them as guardians. Guardianship means that the relative gets full responsibility for the minor person in lieu of the parents.
