

## Where can I find an interpreter?

When you go to an official authority such as the "Ausländerbehörde", you need an interpreter. But an interpreter is helpful also when consulting physicians, attending a parent-teacher conference at school or at a nursery school.

Some administration services and facilities have their own language mediator and can use them during consultations. When you make an appointment, please, always ask, if a free-of-charge interpreting service is available.

If you assign an interpreter from the following interpreter agencies, you have to bear the cost yourself:
