Childcare

What is a "Kita"?

Kita is the abbreviation of the word "Kinder-Tages-Einrichtung" (daycare facility). Prior to attending school, from an age of 1 to 12 years, your child can attend a daycare facility for children. At this facility, nursery teachers will take care of your child and teach him many important things. We distinguish between municipal and private Kitas. Many employers also offer a company-owned Kita.

The advantages of a municipal Kita are the probably less expensive fees which have to be paid by the parents. Private Kitas, however, have a financial orientation. They are not subsidized by the state and must be financed by the parents who have to pay childcare fees. These fees can be considerably higher than those of a municipal Kita.

There is no legal obligation for children to attend a daycare facility. While you stay at an initial accommodation unit, you aren't entitled to claim for a place at a daycare facility. Children registered at a municipal community home who are involved in an asylum procedure are legally entitled to being fostered at a daycare unit or by comparable means, like German children.

Between their first and third year, they are entitled to request being cared for at a nearby daycare unit or by a daycare professional. From the end of a child's third year until school age, children are legally entitled to attend a daycare facility.

Why is a Kita good for my child?

Your child can learn German and discover new things. He or she will find contact to other children to make friends with and get familiar with the German culture. You should make use of this option; it is important for your child's future. Attending a daycare facility will also help children to prepare for school.

How can I find a place at a daycare unit for children?

Registration is possible directly at a Kita or with the carrier organization. In many cases, parents may have to submit an employment certificate and the child's preventive screening booklet. It is a good idea to get informed on the requirements of your facility in advance. The youth welfare office can be helpful as well.

Registration for a Kita should be done very early, ideally as early as six months in advance. The advantage is that your child can attend the Kita from the date you need it, and you are free to go to work. How sought-after and rare the places at a Kita are varies from one Kita to another. However, there are frequently not enough Kita places in your direct vicinity of your home or your accommodation unit.

Which Kita is appropriate for my child?

Seeking direct information locally is particularly recommendable, if you have to select a suitable Kita. Many Kitas offer an open day, which is usually held at the beginning of the year. Find out if the values and principles of the Kita correspond with your own opinions. Make sure that simple questions such as meals or opening hours are settled. To prevent any conflicts, more complex questions like the philosophy of the Kita should also be taken into account. Almost all Kitas have a

website or offer information on the municipal website.

Moreover, the [LITTLE BIRD](#) Internet site is an important help:

LITTLE BIRD is an internet portal which can help you finding a suitable daycare unit for your children. Before using it, however, you have to register on the site. To register, enter your first and family name as well as your email address and a password. Then you have to go through a safety check: enter the letters and numbers shown in the pictures into the input field. Now, please accept the terms of use and the privacy statement, which, of course, should be read before accepting them. The site is also available in English.

After registration, you can enter concrete information relating to your Kita search. Enter your child's date of birth, the ZIP code, the town and the required date from which you need the daycare unit. If necessary, you can filter your search, e. g. by entering, for example, your religion or the minimum number of hours per week.

When you have found suitable daycare providers, you can either take a note of the unit, have a closer look at the provider's profile, display the site on a map or send an inquiry for daycare. You can make 5 active inquiries simultaneously. But if you receive negative answers, you can send additional inquiries. The best thing to do is seeking a daycare unit for your children as early as possible. On portal "LITTLE BIRD", you can send a daycare inquiry up to 3 years in advance.

If you need to send an urgent daycare inquiry, however (if a place is required within the next 3 months), we recommend contacting the relevant facilities/daycare professional or the municipal administration personally, in order to ensure speedy handling.

Financial support

Daycare facilities for children are subject to payment of a fee to the municipal administration body or carrier organization. If the parents or legal guardians are unable to pay the costs, the fees can be paid by the youth welfare office. For this, you have to file an application.

If certain prerequisites are met, these fees can be paid in whole or part by the Landkreis, which is a public youth welfare carrier. In order for nursery school fees to be paid, parents must file a corresponding application with the Landkreis administration.

If and to which extent nursery school fees are paid by the Landkreis, depends primarily on the parents' economic situation. For this reason, documents revealing the economic situation must be submitted together with the application.

Daily routine at a Kita

Each individual Kita has its own day routine. Important differences between units may exist. But every facility must meet defined conditions.

Most Kitas open already at 7am. In the morning, the children are welcomed by the nursery teacher. The children get time to have breakfast together or to play. After breakfast, they will brush teeth together with a nurse. Now, the children can play freely during several hours, or participate in various offers. They may also go for a walk, or to a playground.

At a Kita, your child can have lunch at a defined time. Some Kitas offer times for rest and sleeping. According to the children's needs, these may be more or less extended. On the whole, the children get a lot of time to play and have a good romp, make friends and familiarize with the German culture at every Kita. They sit in a circle singing, playing and talking to each other.
