

Vocational further education

Further education

Even after finishing school, training and university studies, you still have the opportunity for continued education. Adult education offers are essentially open to all people. They cover a wide range of topics, for example:

- Languages
- Questions of life and education
- Culture, art and music
- Society, politics and the economy
- Technology and natural sciences
- Sport and health

You can also continue your education professionally.

In the Minden-Lübbecke district, for example, you can do further training at the adult education center (VHS). You can find the contact details here:

VHS Minden/Bad Oeynhausen
