Psychosocial AIDS counselling centres

Psychosocial AIDS counselling centres

Caritas Munich

HIV can change the lives of affected people abruptly. But HIV can be treated well nowadays. With the right medication, it is possible to lead an almost normal life and grow old with the infection. If you take your medication regularly, you can no longer infect other people.

The Psychosocial AIDS Counselling Centre advises and supports people with HIV/AIDS. You can call us or come to our counselling centre. Counselling is confidential and subject to professional

secrecy.

Who for: For those affected, those seeking advice, specialised staff

Children can be brought along.

The counselling service is free of charge.

 From Monday to Thursday 09:00 - 17:00

 On Friday 09:00 - 14:00
