Open bookcases

Simply take books out or put them in. The whole thing is free of charge: there is no membership, no fees, no loan periods. Here you can find a list of the 🌐 [open bookcases](#) in Saarland.

Sports programmes

Enjoying exercise is one thing. But sport offers you another opportunity: sport makes it easier to settle into a new environment and socialise. The rules of sport recognise no cultural or national

boundaries. People usually understand each other even without a common language. Sport offers a good and informal way of socialising with locals through personal contacts.

You can find sports clubs in the state capital of Saarbrücken  [here](#).

Sports grounds and sports halls in the  state capital Saarbrücken can be found [here](#).

Sports programmes in the  Regionalverband Saarbrücken can be found in the [events calendar](#).

Sports clubs in the towns / municipalities outside Saarbrücken are best enquired about locally.

Leisure activities for children and young people

Offers for children and young people

Children like to play, learn and do sport. In the towns and municipalities of the Saarbrücken Regional Association, there are many wonderful activities for children. Children can spend time here with their families or friends. Events for children, young people and families can be found in the  [events calendar of the Saarbrücken Regional Association](#) and in the  [events calendar of the state capital Saarbrücken](#).

Children

There are also local programmes for young children 🧸 ([early childhood development](#)). Parents can get help, tips on parenting and talk about their worries.

The children's programme 🎭 [Kultur für Kids](#) is very well known. It takes place on Sundays at 3 pm. There are more than 40 events with theatre, music, clowns and pantomime.

In summer there is also the series 🎭 [Sonntags ans Schloss](#). There is children's theatre every Sunday from 3 pm. There are new surprises every year: Fairy tales, participatory theatre, magic shows, puppet theatre and improvisation theatre.

The KidS department has lots of great activities for children from April to October. The children can be creative, play or do sports.

Here is an overview of the entire annual programme for children from the Department of Culture. Choose your favourite activities [here](#) 🧸 and register yourself or your child online for the event.

Teenagers

There are also many programmes for teenagers. They can do something together with friends.

The 🧸 [youth centres](#) are there for young people between the ages of 10 and 27. Everyone has different interests - which is why there are so many different offers. Some youth centres are cosy meeting places. Others help with problems and give tips.

There are also youth centres that offer games, sports or cooking evenings.

The  [youth club](#) has many different offers. There are projects with music, dance, games, theatre, art and media. There are also special programmes for girls, boys and women. You can also get tutoring, learn German, get help with your homework or study during the holidays.

- Childcare for primary school children
- often free or inexpensive

The holiday programme of the Regionalverband Saarbrücken can be found  [here](#). The holiday programme of the state capital Saarbrücken can be found  [here](#).

School camps and holiday trips

During the holidays there are also camps with overnight stays - for example:

- in a tent camp
- on a farm
- in other cities or regions

These camps last from a few days to 2 weeks. Children experience community, adventure and fun.

There is financial support if the family has little money. You can find more information [here](#).

Leisure activities for senior citizens

Getting older - new opportunities and help in everyday life

When people get older, many things change. Sometimes you need [help in everyday life](#). But there are also many new opportunities.

There is time for nice things in old age. For example

Religious practice

Religion in Germany

There is freedom of religion in Germany. This means that

Every person is allowed to decide for themselves

- whether they believe in a religion or not,
- which religion they want to belong to.

People of the same religion often meet in congregations:

- in a church (for Christians),
- in a mosque (for Muslims),
- in a synagogue (for Jewish people).

Why is a community important?

In a community, you can pray or worship together. You can get to know other people and exchange ideas. This helps in everyday life and provides support.

How to find contact

There are many meetings and groups in the parishes. You can find more information on the Internet at the churches, mosques or synagogues. You can also call. You can also simply go and introduce yourself.
