

Integration courses

General information about integration courses

In this course you will learn German. You will learn more than just the basics. You will also learn about the culture, politics and social life in Germany. One course has 700 lessons.

The integration course concludes with the examinations "[Deutschtest für Zuwanderer](#)" (DTZ) and "[Leben in Deutschland](#)" (LiD). If you pass the German test, you will be able to speak German at level B1.

The integration courses are free of charge for refugees. Do you receive social benefits? Then the course is also free of charge.

The job centre, the social welfare office or the immigration office can oblige you to take part in an integration course. You have not been obliged? But you would like to take part in a course? Then you can apply for an integration course at the Federal Office for Migration and Refugees (BAMF). Do you need help with the application? Then contact an advice centre or ask an integration course provider directly. You can find more information on integration courses on the [BAMF](#) website
