

## Language and integration mediation

### Language and integration mediation - SprInt-Rostock (Sprach- und Integrationsmittlung - SprInt-Rostock)

You don't speak German very well yet. You have to go to a public authority. Then you need a language mediator. Even if you are going to a [Ärztin oder zu einem Arzt](#) a language mediator is helpful. Or at parents' evenings at school. Or at nursery school. You will then understand better what people want to say to you.

💡 Some authorities and organisations have their own language mediators. The authorities can use them in counselling sessions. You make an appointment. Please always ask whether an interpreter will be provided free of charge.

In Rostock there is SprInt Rostock (SprInt Rostock). Here you can find and hire a language mediator for many languages. This translation is subject to a fee. For some appointments, the Office for Social Affairs and Participation (Amt für Soziales und Teilhabe) or other authorities cover the costs.

💡 Please make sure you find out in advance whether you will have to pay the language mediator yourself. Of course, you can always take a friend or acquaintance with you to an appointment who can translate.

💡 In Germany, official documents such as certificates, marriage or birth certificates may only be translated by state-certified translators. These translations can be very expensive. It is best to check in advance whether you really need a certified translation and compare the translation prices.

### Become a language mediator

Do you speak English, German or another foreign language very well? Then you can support your compatriots who do not speak German. For example, you can accompany them to visits to the authorities or other appointments.

Then you can register with SprInt Rostock and perhaps also work as a language mediator.
