BBS Saarburg has been offering a new language support class since 2 May 2022. Enclosed is the requested information.

The offer is aimed at pupils with a migration background aged 15 and over who want to learn the German language. Currently, the students receive 4 hours of German lessons on 5 days a week.

The aim is to enable the pupils to acquire elementary basic knowledge of the German language. In our opinion, knowledge of the German language is of fundamental importance for the integration of foreign fellow citizens as well as for successful participation in a wide range of educational opportunities.
